

# Summer HOT SWAP

Save Big on GigaStor.™

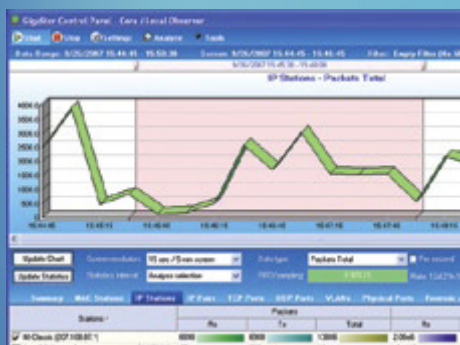

## In a cold sweat over your outdated Sniffer®?

Send us your old hardware-based DSS and receive a \$2000 reduction in the list price of a new GigaStor.

Put your dusty old DSS to good use by getting a sizzling deal on a GigaStor. These summer savings are only around from June 1 – August 29, 2008.

GigaStor captures and stores terabytes of network data for analysis and reporting. Now you can quickly isolate and resolve problems rather than waiting for them to recur.

### With GigaStor:

- Capture and store up to 48 TB
- Rewind and resolve network problems
- Speed troubleshooting with comprehensive expert analysis
- Drill down to the packet level for quick resolution
- Reconstruct e-mails, VoIP calls, web pages, and files
- Monitor VoIP performance and quality

**Act now. The Summer Hot-Swap offer expires August 29, 2008.**

Call 1-800-386-3763 today or visit

#### Summer Hot-Swap Terms and Conditions

This offer may not be combined with any other Network Instruments promotion or discount. One DSS list price reduction may be used per GigaStor purchase. Credit will only be issued after the DSS has been received by Network Instruments. Orders must be received by August 29, 2008 and trade-in product received no later than September 30, 2008. © 2008 Network Instruments, LLC. All rights reserved. Network Instruments, GigaStor, and all associated logos are trademarks or registered trademarks of Network Instruments, LLC. All other trademarks, registered or unregistered, are sole property of their respective owners. PacketSniffers.com is a division of Optrics Inc., a Network Instruments Partner.
